AI HARDWARE & EDGE AI SUMMIT

SEPTEMBER 2023 | SANTA CLARA, CA

WHAT WERE YOUR MAIN OBJECTIVES BEHIND ATTENDING? WERE THEY MET?

Yes. I am always interested in AI tech and how it interacts with hardware. The conference provided some keynote and talks, which were very helpful. Also, I visited some vendors in the exhibitor hall, which provided me the chance to understand the frontier.

WERE YOU ABLE TO CONNECT WITH LIKEMINDED COLLEAGUES AND NEW INDUSTRIES?

I had interaction with some vendors. I also met a colleague who has a similar background as mine, and we have deep communication about ML and AI.

WHAT WAS YOUR KEY TAKEAWAY FROM THE EVENT?

Participation in the conference is really helpful to people who are working in the AI and ML fields. The opportunity to meet with the companies and people is so valuable. I would like to attend such events if any occur in the future.
