EXPLAIN YOUR SESSION IN MORE DETAIL:
- The influence of Generative AI on our daily lives has been significant. Multimodal Data is essential for a comprehensive understanding of the world and various subjects. It's important for us to understand different types of data, how AI training and inference works, including the challenges faced during learning, and the strategies used in training and inference.

WHY DID YOU CHOOSE TO SPEAK AT THE EVENT:
- I am excited about the opportunities that Generative AI can bring. I hope to share with the community the learning about opportunities and challenges so more engineers, scientists, enterprise, and leaders can create even more innovative products to benefit everyone.

WHAT ARE YOU MOST LOOKING FORWARD TO ABOUT THE INDUSTRY AS IT EVOLVES:
- Generative AI innovations making a positive impact to our lives.

Jia will be speaking on the Efficient Server AI Track discussing "Multimodal Learning Implications for AI Training and Inference" on day 1 of the event.
