

ATTENDEE SPOTLIGHT

Rose Zhu

Sr. Product Management Lead, AI/ML

Google

- **As a returning attendee to the AI Hardware & Edge AI Summit, what made you want to attend again?**

This is my second time attending. The conference is well organized with **lots of AI/ML leadership across different industry segments**. It's great to learn newest trends, networking with leaders and peers.

- **What are you most looking forward to about attending?**

I want to learn new **technologies for AI/ML hardware, modelling trends, as well as techniques to optimize the full stack**.

- **What is the key to making AI faster, more efficient and affordable?**

ML infra is key to drive AI faster, more efficient and affordable.
